CRICE HELD OVER IN POLICE COURT AND GIVES BOND

Man, Who Fired at His Companion's Husband and Shot Bystanders.

Waives Examination on Three Charges.

HE AND WOMAN PAID FINES

John C. Crice, a prominent stock dealer at Wickliffe, Ky., who is alleged to have fired three shots at Peter Vaughan, a tobacco dealer on the night of Thursday, October 27, when Vaughan caught him in company with his wife, Mrs. Jessie Vaughan at the ladies' entrance to the Palmer House, waived a preliminary examination on charges of malicious shooting in police court this morning. In the two cases of malicious shooting and wounding with intent to kill Crice was recognized under \$300 in each case to appear before the grand jury.

He was allowed to give \$500 bail on the third charge of malicious shooting without wounding and with intent to kill upon agreement with County Attorney S. E. Clay.

Crice and Mrs. Vaughan pleaded guilty to a charge of adultery and were fined \$25 each.

At the time of the shooting Mary Riley, a negro, who was in the crowd was struck in the forehead by a bullet, which caused only a flesh wound. Joseph Ashoff, 16 years old, was shot in the knee. The other shot went wild.

Crice is Sued.

An echo of the shooting by J. C. Crice at Peter Vaughan in front of the Palmer House was heard in circuit court today when Mary Riley, colored, filed suit against J. C. Crice for \$2,000 damages. She alleges that by the careless shooting by Crice a bullet struck her on the head and inflicted a painful wound. Her medical bill, she alleges, is \$100, and by reason of the mental suffering and loss of time in work she says that she ought to recover at least \$2,000. The Riley woman was walking along Broadway.

GRIP OF BIG STORM

COMMUNICATION WITH EASTERN TOWNS HAMPERED.

New York, Nov. 5.—A storm of midwinter intensity which came booming up the Atlantic coast last night, bringing with it sharp gales and heavy falls of snow and rain, left today a broad trail of broken wire communication along the seaboard. Telegraph companies were beset with difficulties in all directions. The storm was apparently severest between Baltimore and Washington, all wires being down between those cities.

Pennsylvania suffered from a soggy, clinging snow and wires across the state were either down or worked only intermittently. Early communication with Chicago was obtained by way of Boston, thence to the west.

Communication with eastern points was affected by the storm, which brought down the snow-coated wires.

Broken wire communications affected some of the railroads and trains from distant points were in some cases far behind their schedules.

A steamer believed to be a storm victim was reported anchored off Sandy Hook in a disabled condition. She is the French steamer Honduras, from New Orleans, October 23, for Dunkirk and Havre, and presumably made this port for refuge in her crippled state and to effect repairs.

Death for Uxoricide.

Norfolk, Va., Nov. 5.—John J. Smyth was today sentenced to death for the murder of his wife. Bullets intended for Mrs. Smyth also killed a 13-year-old daughter. Smyth will be electrocuted at Richmond on December 8. With no funds for appeal, counsel for the defendant will lay the record in the case before Gov. Mann, in the hope that the sentence may be commuted to life imprisonment.

Campaign For Congress Comes to Close With Both Sides Claiming Safe Majority in the Lower House

Theodore Roosevelt Will Make Big Speech of Ohio Campaign at Cleveland Tonight --Hurries by Chicago.

Chicago, Nov. 5.—In Tuesday's election members of congress will be elected from every state in the union, excepting Maine and Vermont.

These two states and Arkansas and Georgia have already held their elections, but in the two southern states, state officers alone were chosen.

Twenty-five states will choose complete state tickets. Congressman McKinley, at the Republican headquarters, predicted the next house will be Republican by a "safe working majority." The Democrats claim the next congress by 51 majority.

Roosevelt Headed for Ohio.

Chicago, Nov. 5.—Wearied by a day of rapid fire campaigning in Iowa, Colonel Roosevelt sought no burials here today when he was en route east. He left the train at Englewood, and drove over the south side for an hour, and proceeded to Toledo. At Cleveland tonight, he will make the big speech of the Ohio campaign.

Rebuild Aviation Park.

Baltimore, Nov. 5.—Order is being brought of chaos wrought by the storm at the aviation field. A new stand probably will be made Monday. Gen. Felix Angus, on behalf of his papers, the Star and American, has offered \$2,500 for the first aviator to reach a height of 10,000 feet, creating a new world's record.

Burn Hill.

Clinton, Ky., Nov. 5.—Burn Hill died at the home of J. W. Bostic, after an illness of a year or more, during which he suffered greatly. He was 38 years of age and is survived by his wife and three children. The burial was conducted by the Woodmen of the World, to which order he belonged.

CASHIER, LOOTER OF BANK, COMMITS SUICIDE.

Sea Side, Ore., Nov. 5.—Edward Henninger, cashier of the Sea Side National bank, committed suicide in the front yard of his home here as a sequel to the alleged looting of the bank of all its deposits.

JOB FOR THE HOUNDS WAS THEN OVERLOOKED

Spying an unknown man prowling around in the back yard, Mrs. Halene Mason, 722 South Sixth street, exhibited rare pluck last night when she fired three shots at the intruder, who made his escape by leaping the back fence. Her marksmanship was a trifle bad, but the shots served the purpose of defeating the prowler, whom, it is thought, was a chicken thief.

About 10 o'clock Mrs. Mason heard a noise in the back yard, and securing the pistol, she went to the kitchen. Looking out the window she could see the form distinctly, and fired.

Tracks could be distinguished distinctly in the alley. The police were not notified of the shooting until this afternoon or the new bloodhounds might have been assigned to the job of looking up the prowler.

Fourth Street Bridge Said to Be Settling

The east pier near the middle of the Fourth street bridge over Island creek has settled several inches, and throwing the bridge out of line. As a result heavy wagons are prohibited from crossing the bridge, and Patrolman Mike Dugan was placed on duty this afternoon. Carriages and light vehicles are permitted to cross the bridge at a slow speed. An examination of the condition of the bridge is being made this afternoon, the settling of the pier having been reported to Ernest Bell, street inspector.

AN EDITORIAL

The News-Democrats has too deep an interest in the schools of Paducah to urge other than one caution on the voters in this city who go to the polls Tuesday to select members for the school board and that caution is that they give the matter of selecting the men to fill these important positions, serious and earnest consideration and vote for the ones who, in their estimation, will, in their official capacity, bring the best service to the schools of Paducah. This done and they will have done their duty. This is a question which should appeal to every home builder in Paducah; a question which has its foundation on the very hearthstone and forms one of the most sacred trusts which a voter can take upon himself. In the measure that the schools of Paducah radiate their beneficial influence, in the same measure will men and women of tomorrow show evidence of this benefit. The schools of Paducah cannot be made too well equipped or efficient. The boys and girls of Paducah deserve every benefit. In an educational line, that can be given and the worth of the schools depends largely on the wisdom of the school board having their management in hand. The one duty above all else before every voter who goes to the polls next Tuesday is to assist in the selection of the men best qualified to bring the schools to the highest state of general worth. This is the one and only issue on the school question, so far as we can see it.—News-Democrat.

FEHRINGER GETS A TWO-YEAR SENTENCE.

Hickman, Ky., Nov. 5.—Frank Fehrer, notorious for night riding in the vicinity of Hickman, has been sentenced to two years in the penitentiary for attempting to slay his wife and attempting suicide afterward. Fehrer is the man who turned state's evidence against the night riders in the famous Reelfoot Lake case and was given his liberty in exchange for his testimony.

PROTEST IS VOICED BY ANONYMOUS LETTER

A lively time is promised in the general council Monday if application is made for a saloon license at Fifth and Norton streets, where Dan Galvin's license was revoked by Mayor Smith. The mayor received an anonymous communication today, saying that Galvin's clerk, would apply for a license. The communication stated women are admitted to the place, and if notices of application for a license are posted, a petition of protest will be presented to the general council.

PORTUGUESE FREE PRISONERS

London, Nov. 5.—The criminal court of appeals today overruled Dr. H. H. Crippen's appeal from the death sentence imposed upon his conviction of the murder of his wife, Belle Elmore. Three justices decided there were no grounds for a new trial. In all probability Crippen will be hanged next Tuesday.

Crippen's counsel announced that they will appeal to the Home Office to commute the sentence of death, or to pardon the doctor.

The purchasers were Raymond D. Martin, of New York, and W. D. Lawlor, of Chicago, tenants in common. The price was one million dollars.

Bank clearings, week. \$775,995

This week has been good in local business circles as reflected by the bank clearings of this week. All lines of trade report excellent business. The most interesting news of the week is the movement of freight by the Burlington railroad. The first actual shipments were received in the city this week, while yesterday the first freight was transferred from Paducah to the Burlington at Metropolis. Beginning December 1, and possibly November 15, the contract between the Illinois Central and Burlington railroads for the transferring of 50 cars a day will become effective. Freight business with the railroads is good, but hardly as rushing as it was a few weeks ago.

Blacksmiths of Illinois Central System Complete Their Work Here And Adjourn After Election

Barney B. Claery, of Paducah Is Re-elected as Business Agent—Chicago Man President.

After a two days splendid session the members of district council, No. 9, of the Brotherhood of Blacksmiths and Helpers of the Illinois Central system adjourned this afternoon after the annual election of officers to meet in Clinton, Ill., in February, 1912. The delegates will return to their homes tonight and early tomorrow morning. They were warm in their praise of the hospitality extended during their visit in Paducah, and extended a vote of thanks to the Paducah committee, which had charge of the arrangements.

The election of officers was characterized by friendly rivalry. Barney B. Claery, of Paducah, was re-elected business agent of the council. S. J. Osten, of Chicago, was elected president; M. F. Carr, the retiring president, who presided over the meeting, was honored by election as vice president. Thomas Yates, of Chicago, was re-elected secretary treasurer. S. L. Stewart, of McComb, Miss.; J. M. Cross, of Paducah; and W. F. Baumeier, of Centralia, Ill., were elected trustees; and Edward King, of Chicago and J. R. Cooper, of Clinton, Ill., were elected members of the executive board.

The sessions were held in the Central Labor hall, and were devoted to the interest of the blacksmiths. C. B. Glover, second vice president, of the International Brotherhood of Blacksmiths and Helpers, of Chicago was present at the meeting and assisted the delegates. The delegates went on record as favoring the railway trades department of the American Federation of Labor. The time of meeting was changed from November to February and the next meeting will be held in Clinton, Ill., the first Thursday in February, 1912.

Last night the members of Paducah locals, Nos. 203 and 328, tendered the delegates with a banquet at the bricklayers' hall, and a delightful evening was spent. Genuine Kentucky hospitality and the delegates were delighted.

Nicholson contracted a severe cold several days ago and can hardly speak.

THREE THOUSAND DOLLAR VERDICT IN DAMAGE CASE

Largest Amount Awarded By Jury at This Term of Circuit Court.

Little Boy Recovers Against I. C.

HARD FOUGHT TRIAL ENDED

The largest verdict returned at this term of circuit court was brought in this morning by the jury in the personal injury suit of Ray Ethridge against the Illinois Central railroad when \$3,000 was awarded to the plaintiff.

It was a case that was closely contested, and occupied the greater part of two days for the evidence and arguments. Ethridge is a small lad in short trousers and last year was injured while at the intersection of the railroad tracks and Jones street near Sixteenth street.

The defense sought to prove that the lad was hanging on the rear of a freight train, while the plaintiff introduced testimony to show that a freight train backed across the crossing and struck the lad, crushing his leg and making amputation necessary. The plaintiff sued for \$25,000.

The evidence was heard yesterday and the arguments were concluded this morning. Attorneys Crossland & Crossland and Hon. John K. Hendrick represented the plaintiff while Attorneys Wheeler & Hughes represented the railroad.

A motion was made this morning by E. W. Stewart in the suit of E. W. Stewart against J. E. Smith and T. J. Murphy to have a receiver appointed for the Listerine Soap company. He claims that the company is operating at a loss. The motion will be heard on November 11.

The trial docket for Monday is: Ruby Parker vs. the Paducah Box and Basket company.

Ernest Elmendorf vs. T. S. Vickers.

Elizabeth Zeigler vs. Illinois Central.

Sweet Jones vs. L. C. Hibbs.

Population Statistics.

Believes He Killed Bride; Ends Life.

Memphis, Tenn., Nov. 5.—David F. Reed, an express messenger, shot at his wife here today, and believing he had killed her when she stumbled over a chair, shot himself in the head and died several hours later. The woman was uninjured. Reed had been drinking, and when he found the door of his home locked, he broke it open and started to upbraid his bride of three months. The shooting followed an exchange of personalities.

"LES ROMANESQUES"

The prettiest, cleanest, merriest comedy that has been seen in the Kentucky theater in seasons, was missed last night by the majority of Paducah theater-goers. "Les Romanesques" played to a house that reflected discredit on the city. Every part in the play was taken by a competent, intelligent player, obviously selected with care for the part. John Nicholson, who heads the company, is an actor of intellect and individuality, and his portrayal of the swashbuckler type has, perhaps, no equal. There is not a line or situation in "Les Romanesques" that is not a thought suggested that is not wholesome; the satire on the Romeo and Juliet romance is delicious, and withal it kept the small audience last night in peals of laughter, and the applause was as vociferous, as if the house had been packed. The performance simply carried the audience away. Press reports from other cities, where the company played before coming to Paducah, gave ample notice to Paducahans that they might expect something unusually good; and it is discouraging to the theatrical interests of the city, that so notable attraction should be neglected.

Chicago, Nov. 5.—International President Rickert, of the Garment Workers, this afternoon signed an agreement with Hart, Shaffer & Marx by which \$15.00 workers will return to work, pending arbitration.

New York, Nov. 5.—That Christy Mathewson, of the Giants, will receive a salary of \$15,000 from the club next year was unofficially announced here today. He drew \$10,000 the past season.

Dallas, Tex., Nov. 5.—Major E. H. Roach, Captain H. W. Kinnard and Lieutenants J. Callier and Tracy Berry, Dallas national guard officers, have resigned from the service, showing their resentment at the conviction of Sergeant J. C. Manley, who bayoneted Louis Regenstein, when the president was here last year. Kinnard today asked the adjutant general to muster out his company, as he would not order his men to go guard duty when they are subject to conviction by civil authorities for obeying military orders.

Lizzie May Walker.

Following a few days' illness of diphtheria, Lizzie May Walker, the 19-month-old daughter of Mr. and Mrs. Frank Walker, 427 Hayes avenue, Mechanicsburg, died at 2:40 o'clock yesterday afternoon. The funeral will be held at 2:30 o'clock Sunday afternoon and burial will be in Oak Grove cemetery.

Hardin Cole.

Murray, Ky., Nov. 5.—Hardin Cole, son of Mr. and Mrs. J. M. Cole, died at his father's home on Depot street. He was 20 years of age, and had for several years been a sufferer from rheumatism and for the last few months confined to his bed with consumption. He was a bright and popular boy, and his early death is deplored by all who knew him. Funeral services were held at the Christian church by Rev. J. M. Alexander, after which his remains were laid to rest at the city cemetery.

A warrant was sworn out for Ruth Burrows, Eighth and Husbands streets.

Ayer's Cherry Pectoral

Tickling

Shields for Soldiers.

Experiments conducted in England suggest the possibility that shields may once more form an important part of the equipment of an army. Steel shields three millimeters in thickness and about 150 square inches in area have been devised, which afford complete protection against bullets from the service rifle at a range of four hundred yards. The small size of the shield, which weighs only seven pounds, requires that the soldier shall lie prone on the ground in order to be sheltered. Each shield has a loop-hole for the rifle and studs at the sides, so that a series of them can be linked into a continuous screen. The idea is that by the use of such shields the necessity of digging trenches may be avoided.—Harper's Weekly.

The cowboy band of "The Boss of 'Z' Ranch" company, which is playing a matinee at the Kentucky this afternoon, made a hit with its unique street parade this morning. The band is unusually good. It will play a concert in front of the Kentucky before the night performance. "The Boss of 'Z' Ranch" is a thrillingly realistic western melodrama, dealing with ranch life, and numerous accessories are carried to complete the illusions of the stage pictures. The matinee house was well pleased.

"The Casino Girls."

Something unusual in the line of musical comedies will be the attraction at the Kentucky next Wednesday night, when the "Casino Girls" company in "Smiling Island," a musical "operaganza," makes its initial bow here. Mr. Tom McRae, the leader of the fun makers is supported by Tom Nolan, George Walsh, James Corrigan, also Miss Gene Polard, prima donna soprano; Cora Evelyn, Howard Sisters, Elsie Leslie and many others, including a fine singing and dancing chorus elaborately costumed.

"The Climax."

Joseph H. Weber's phenomenal New York success, "The Climax" will be the delightful attraction at the Kentucky. Wednesday, Nov. 16. Those who enjoy problem plays will find plenty to interest them in this unique play. Three problems are utilized in constructing the foundation of "The Climax" any one of which would provide sufficient material upon which to base the average play. "The Climax" has been staged by Mr. Weber and will be presented here by a carefully selected cast.

Al Fields in New Orleans.

Field's Minstrels played at New Orleans last week. The Playhouse said:

Al G. Field celebrated his silver anniversary in New Orleans by a triumph at the Crescent theater last night, the large crowd which packed the theater from parquette to gallery being almost continuous in its applause of the efforts of the different members of the company with which Field has surrounded himself.

Norman Stanley is an interlocutor the like of which is very seldom found nowadays, and he carries the show through without a hitch, rising to all the jokes with capability and tact. He also possesses a very fine voice. John Healy is the end man par excellence. Healy is good as the plantation negro, the up-to-date negro, and any kind of negro you want to mention. He handles the negro talk well, sings the language finely, and has a makeup that is

characteristically black and stunning. Governor Bowen is also a black-face man who can sing and dance some, and he got the hand also, though he sang an old song. Sam Harris is the other end man, light of step and pleasing in appearance. Harris did not make such a good impression though he worked hard and deserved the applause he received.

Walter Sherwood is probably the best of the vocalists in straight songs and he got a big hand for his rendition of "Every Hour, Every Day." Jack Richards sang pleasingly "My Heart Has Learned to Love You." Reinhardt created a sensation with his vocal song "Sleepy Eyes," which he recalled about eight times, and then he had to give a new song, which took equally as well. Reinhardt is one of the best baritone heard here in some time. Doc Quigley the old reliable Doc, is with the show again, as are all the other funmakers, the aggregation being one of the best that Field has ever brought here. They sing songs that the gang will whistle and got the hand of the crowd.

Good Acts at the Star.

Pleased audiences have seen the show at the Star theater for the last half of this week. The monologue of Harry P. Murphy, known as the Irish con, is one of the hits of the fall, and practically every performance he is compelled to respond to curtain calls. In the blackface stunt he is pleasing, and has some new jokes and a good way of telling them. The favorites, the Howze sisters are on the program for a return engagement. They are good dancers and have some catchy songs. Frank Long has one of his best illustrated songs. Two excellent motion pictures complete the strong bill.

SOMETHING DIFFERENT AND SOMETHING BETTER

Three Times the Heat From the Same Amount of Fuel

THE whole secret is in the "Twin Flues," which make the famous LAUREL the most economical range on the market. This flue construction heats all six holes instead of two, as in the usual single-flue range—three times the heat with the same amount of fuel.

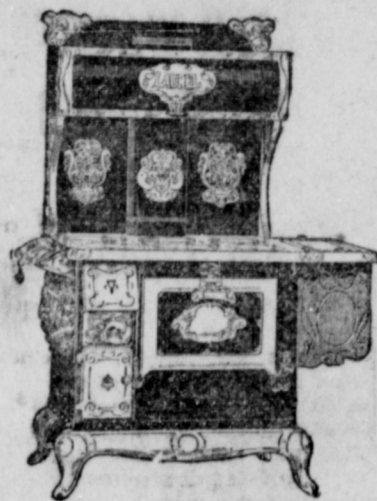

The twin-flue system of the LAUREL permits you to heat the whole top without heating the oven. In no other range is it possible to do this. To heat htd. six covers of the ordinary range you must first heat the oven; a slow and costly system.

Let's look at the picture which explains how

A LAUREL

oven is so thoroughly, so quickly and so evenly heated

The picture shows how the fire travels in heating the oven. Put your finger on the arrows and follow them across top, down the descending flue, over and back under the oven (which has been removed) then up the return flue and out the smoke pipe and you'll understand how the fire travels in a Laurel Twin-Flue Range when heating the oven.

See the flue strips marked 13? The side strip 13 divides the space between back of stove and oven (which has been removed) and makes two and independent up and down flues—Nos. 9 and 11. The bottom strip 13 divides part of the space under the oven thereby continuing flues 9 and 11 beneath the oven.

When you want to heat a Laurel oven you close damper No. 10—as it is in the illustration. The heat then travels down flue No. 11, circles around under oven bottom, rises through No. 9 and then out the smoke pipe.

Buy a Laurel Range—For Economy's Sake, for Convenience Sake

The twin-flue system is built into dozens of styles of both steel and cast LAUREL RANGES and at various prices.

You can see that fuel in a LAUREL DOES give greater service—after so directing its heat that every degree of it is absorbed before reaching the smoke pipe.

The side and bottom flue strips also act as braces for the oven and prevent it from warping.

Remember, too, that because of the twin-flue system the heat remains in a LAUREL RANGE about twice as long as it would in the ordinary range. Added proof that it does deliver MORE HEAT from a given quantity of fuel. Buy a range that retains the heat where it is needed.

AN AUTUMN SONG.

O, plaintive, low-voiced autumn
Winds,
How soft your sigh amidst the trees,
Whose slender boughs but yesterday
Swayed gently in the summer breeze,
How faint and low your distant call
Sounds through the voiceless woods
today.

You come to hush glad summer's
song,
And call her children from their play.
O, autumn Sun, your mellow glow
Gleams on the children of the wood,
And turns their verdant summer
dress
To golden gown and pearl-hood.
How soft your light falls o'er the
fields
And fading meadows today,
Where sweet wild flowers droop their
heads
And summer's faint breath dies away.

O, golden, hazy autumn Days,
How swift your scarlet-sandled feet
Seem passing o'er the sunlit ways,
Where summer made her glad retreat
The dead leaves cover Summer's
path,
The crimson sunshin by the way

Pours out its heart-blood, and the
skies
Weep over Summer's grave today.

Southwest Magazine.

Woman's club house, on the after-
noon of Friday, November 11, at
3:30 o'clock. The invitations were
issued today.

Musical Evening for Visitors.

Mrs. Hubbard S. Wells will enter-
tain a few musical friends this even-
ing at her apartments in the Sham-
rock, in compliment to her guest,
Mrs. Joseph Troutman, of Logans-
port, Ind., and Miss Lucile Lamb, of
Paris, Tenn., the guest of Mrs. Harry
McElwee. It will be an informal
affair.

Kirchoff-Legeay.

The marriage of Miss Theresa
Kirchoff and Mr. Gus Legeay will
be solemnized on Tuesday morning
at 7 o'clock at the St. Francis de
Sales Catholic church. It will be a
nuptial mass. The Rev. Father Con-
nelly will officiate.

The bridesmaids will be: Miss
Mary Kirchoff, sister of the bride,
and Miss Marie Roth. The groom-
smen are: Mr. Paul Legeay and Mr.
Henry Kirchoff. Mr. Alfred Legeay,
Mr. Henry Arts, of Princeton; Mr.
Joseph Roth and Mr. Tony Seck are
the ushers.

Following the ceremony a wed-

home of the bride's parents, Mr.
and Mrs. Charles Kirchoff, on the
Pines road. The only guests will be
the bridal party and immediate rela-
tives.

The couple will leave at 11:25
o'clock for a bridal trip to Louis-
ville and Frankfort. On their re-
turn they will begin housekeeping
in their home on the Cairo road.

Miss Kirchoff is an attractive
young woman. She is the daughter
of Mr. and Mrs. Charles Kirchoff,
prominent residents of the county.

Mr. Legeay is the son of the well-
known French gardener, Mr. A. Le-
geay, and is a sterling young busi-
ness man. Both are popular in a
large circle of friends.

Dance Hosts.
Messrs. Horace Fiegle and Joseph
L. Roth will give a dance at the
Three Links building next Wednesday
evening. It will be a pleasant social
occasion.

Picture Shower for Bride-Elect.
In honor of Miss Theresa Kirchoff,
a bride of the coming week, Miss
Marie Roth is entertaining with a
Picture Shower this afternoon at her
home on Harahan Boulevard.

It is an attractively appointed
fair. The rooms are effectively de-
corated with roses, carnations and
chrysanthemums in a color-motif of
red and white.

The presentation of the pictures is
a pretty feature of the afternoon.
The packages artistically tied up are
brought into the reception hall on
a prettily decorated small wagon,
drawn by little Earl Randall as Cup-
id. The nature of the shower is a
surprise to the bride-elect, and is
quite an innovation.

In the dining-room the table is a
charming effect in red and white.
Suspended from the chandelier is a
red bell with red ribbons extending
diagonally to the four corners of the
table. A tall crystal vase of red and
white carnations is arranged on a beau-
tifully embroidered center piece of
red roses. The place cards are Cup-
ids with verses appropriate to the
occasion. The red and white ices,
cakes and confections emphasize the
color tones.

Notable Musical Event.
The Schellschmidt concert on Mon-
day evening at the Kentucky theater
under the auspices of the Matinee

Musical club promises to be not only
a notable musical event, but will be
a social occasion as well. They are
artists of note in the musical world
and the desire to hear them is aug-
mented by the popularity of the
cause for which the club is working
this year, the musical education of a
little child in the Home of the Friend-
less.

There will be box parties on Mon-
day night and a number of balcony
and gallery parties are being planned
besides.

Mr. Schellschmidt and the Misses
Schellschmidt will arrive on Sunday
afternoon from Indianapolis. The
Misses Schellschmidt will be the
house-guests of Mrs. James Weille
while here, and Mr. Schellschmidt
will be the guest of Mr. and Mrs.
Hubbard S. Wells at the Shamrock.
Mrs. Epstein, the soloist, of St. Louis,
will arrive on Monday.

An informal reception will be
given by the Matinee Musical club
in honor of the distinguished visitors
on Monday afternoon from 3 to 5
o'clock at the Woman's club house.
All the members of the club, active,
associate and student, are expected
to be present. An informal musical
program will be given during the
afternoon.

Cotillon to Dancing Class.

Prof. Mahler is entertaining with a
Hallowe'en Cotillon to his junior
dancing class this afternoon at 4
o'clock at the Woman's club.

Pretty Pre-Nuptial Event.

Mrs. Frank Kirchoff, Jr., was the
hostess at a prettily planned Miscel-
laneous Shower on Thursday after-
noon at her home, on South Second
street, in honor of Miss Theresa
Kirchoff, a bride of November 8.

The Hallowe'en idea was attract-
ively carried out in the decorations
of the reception hall, where jack-o'-
lanterns were effectively used. The
rooms were prettily decorated
throughout with yellow and white
chrysanthemums.

The gifts were presented to the
honoree in a large clothes basket.
This was carried by John Oehl-
schlaeger, Jr., and little Miss Ruby
Wanner, cousins of the bride-elect.
They included a number of pretty
and useful household articles.

A delightful salad-course luncheon
was served during the afternoon.
Mrs. John Wanner assisted Mrs.
Kirchoff in entertaining.

The guests were limited to the
bridal party and the family connec-
tion, which is a large one.

Engagement Announced.

Mr. and Mrs. James R. Wallace,
522 South Third street have an-
nounced the engagement and ap-
proaching marriage of their daugh-
ter, Ethel, to John E. Smith, a popu-
lar employee of the Illinois Central
shops, and son of Mr. and Mrs. Jer-
ome Smith, of the Mayfield road.
The marriage ceremony will take
place on November 17 at the home
of the bride's parents.

A Mean Trick.

Prospective brides and grooms who
fear suffering at the hands of their
friends on their honeymoon depart-
ure may find valuable suggestions in
the following poem from the Louis-
ville Courier-Journal, and it is also
a prophecy of a new use for air-
ships, whose future use in peace as
well as war are to be manifold:

We waited for the bride and groom
To start their trip.
There was enough rice in the room
To sink a ship.

Each fellow held a rusty shoe
Behind his back;
And there were ribbons, pink and
blue,
Upon the hack.

The bride and groom, they held aloof,
To our dismay.
They took an airship from the roof
And got away.

—Nashville Banner.

D. A. R. November Meeting.

Mrs. E. G. Boone was hostess to
the Paducah chapter of the Daugh-
ters of the American Revolution at
her home, 2232 Broadway, Friday
afternoon.

Plans were discussed for the in-
stallation of the bust of Washington
in the Washington building, and ar-
rangements will be made to effect
this installation with appropriate ex-
ercises on November 16. Mrs. Ben
Johnson, state regent, of Bardonia,
Ky., will be present to deliver the
installation address, and a reception
will be tendered in her honor on that
date at the Woman's club rooms. An
attractive program was rendered af-
ter the business session. Delightful
refreshments were served late. The
program features were:

Song, America.
Roll call—Quotations from the
Bible.

Paper.—Peter Muhlenberg, the
Patriot Pastor of the Revolution—
Mrs. H. S. Wells.

Report of the State Conference—
Mrs. E. G. Boone and Miss Emily
Morrow.

Vocal selections—Mrs. James
Weille and Mrs. Guy Martin.

In Kentucky.
In the autumn, the pale and deli-
cate poetry of the Kentucky land
makes itself felt as silence and re-
pose. Still skies, still woods, still
sheets of forest water, still flocks
and herds, long lanes winding with-
out the sound of a traveler through
fields of the universal brooding still-
ness. The sun no longer blazing,
but muffled in a veil of palest blue.
—James Lane Allen.

TO PALE WOMEN!

and How She Got Back Her Strength. Read
Every Word Of It.

[From the St. Louis Times.]

"WHEN life seemed darkest and death almost welcome, relief from years of suffering came in the sim-
plest manner," declared Mrs. Martha Gerichs, of 5054 Ridge avenue, St. Louis, Mo. "I read an
advertisement and it saved me."

Mrs. Gerichs is the wife of George Gerichs, a paperhanger. She has been a mother to her
four little nieces and nephews since their mother, her sister-in-law, died, four years ago. Her restoration to
health through the use of Cardui has brought happiness to a home that was threatened with double bereavement.

"As a little girl, I always was frail," said Mrs. Gerichs. "My parents constantly spared me all the
harder tasks of the household, because they knew I was delicate. Even when I entered woman's estate, I
suffered from an illness peculiar to my sex, which made me violently ill, sometimes for a week at a time.

"My condition grew worse and worse, until my relatives feared I would die. Our family physician said
my malady was one that could only be relieved by the most difficult of operations. Womanlike, I said I would
die first. After a long sickness I arose from my bed, but I never was the same again. Those intervals of
suffering came oftener and remained longer.

"After my marriage, my health still was impaired. Then my brother's
wife died and left four little ones to be cared for. My husband and I went to
live with my brother and I took complete charge of the household. It was the
most severe tax on my already enfeebled physique.

"Nothing but love for those motherless children could have spurred me
to such endeavors. I did all the cooking, baking, washing, ironing, sewing and
attended to the many demands of such a large family. But the tax told. I
collapsed.

"One day, two months ago, some one threw a yellow circular on our
doorstep. One of the children brought it in. It told of the Cardui Home
Treatment and something about it gave me a faint stir of hope. I had lost faith
in everything and was willing to lay down and die. Every bone and nerve in
my body ached intolerably.

"My husband, to please me, got a bottle of Cardui at the nearest drug
store. I didn't notice any change for the first day, nor the second, although I
followed instructions mechanically. But the third day I felt a trifle better and
still better the fourth. After that it was steady improvement.

"When I began the Cardui Home Treatment, I weighed just 98 pounds.
My cheeks were sunken and my frame that of a skeleton. After taking two
bottles of Cardui and using Thedford's Black-Draught and Cardui Antiseptic, I
had regained such strength that I could again attend to all the household duties
without any help. I began to take pride in housekeeping again.

"What made us the happiest was, that the medicine not only allayed
the pain and suffering, but seemed to have removed the cause of the suffering, which had been with me con-
stantly since girlhood.

"I am now on my third bottle of Cardui, and keep the other two remedies in the house, constantly. I
recommend them to my friends whenever they marvel at my recovery."

Mrs. Gerichs is 28 years old, with blue eyes and flaxen hair, and of the tall, willowy type. On the day
she told of her recovery, she ran upstairs for a forgotten article with the sprightliness of a girl. Her eyes
sparkled and cheeks were flushed from the exertion.

"I couldn't have done that two months ago," she said. "It is a joy to forget pain and just feel like
other folks again."

The above statement of her case was signed and sworn to by Mrs. Gerichs, before Fred Reimler,
Notary Public, St. Louis, Mo.

Daily Thought.

He that lives upon hopes will die fasting.—Franklin.

It requires a lot of courage to be sensible.

We still contend that car of pickles didn't get in till Thursday.

Don't forget there is a \$50,000 county jail bond proposition to be voted on next Tuesday.

A Missouri horse trader laughed for hours, and it required medical attention to make him quit. He must have been the man who laughed last.

When we get pay-as-you-enter cars some of us will no longer have to cultivate that far-away-long-accustomed-to our environments expression, when the conductor comes around.

THERE IS MUCH A STAKE.

The men who accepted the Republican nominations for members of the general council, did so at the solicitation of citizens interested in supporting the present business administration during the remainder of its term. This is an important year upon which we are about to enter. The quadrennial assessment is to be made and the tax rate to be fixed. Upon the result depends to a great extent the revenues and improvement of the city, and the expenses of the property owners. Economy and sound business judgment are necessary. We have confidence in the faithfulness and ability of the mayor. He should have in the general council men in sympathy with his plans and projects in order that he may have a free rein in the management of affairs. An adverse majority in the general council with so much at stake and a big municipal campaign approaching, would mean that aspiring politicians could do everything possible in the general council to embarrass the administration for the effect it would have on the next election.

IS THE PRESS TO BE A TOOL OF THE PEOPLE OR POLITICIANS?

The Carlisle County News demands the resignation of both the First district central committeeman and the executive committeeman from the First district for the good of the party.

We are glad to observe another western Kentucky contemporary beginning to see facts as they are. Having progressed to that state of mind, we may hope that by the application of a little logical reasoning to the matter, he may consent to a rational remedy for the trouble.

He demands that these gentlemen "be ousted." How, may we ask, can they be ousted? They are entrenched behind county organizations and the committeemen that compose these organizations will be chosen each year in a manner designated by themselves and under their own direction. These committees are self-perpetuating bodies. There is no way of shaking off the incubus of astute self-seeking politicians under the present system of party government.

Again, what would the editor of the Carlisle County News accomplish by "ousting" these two gentlemen, if he could? Would they not be succeeded by other politicians more or less astute, and no more altruistic in their notions of party loyalty?

The editor of the Carlisle County News recognizes that there is something wrong: when he attempts to get rid of the offending persons he cannot, and if he could he would not better the situation. So he must go a step farther and recognize the fact that present conditions are wrong under which men are elevated to party power and maintained therein. Then he must acknowledge the ultimate fact that it is the conditions which must be remedied.

The Benton Tribune-Democrat exposed the same mental processes in arriving at the conclusion that the popular primary under the state election board, at which party committeemen as well as candidates should be named, is the only remedy for existing conditions, which have well nigh wrecked the Democratic party in Tennessee and the Republican party in Ohio, and is threatening the Democratic organization in the Third senatorial district.

After that he says, the initiative and referendum and the recall should speedily follow.

Much opposition will be raised to these measures by politicians now entrenched in power. It is only by the united efforts of the state press that reform can come about, and this effort will be opposed by such organs as owe their continued existence to their support of some self-seeking politician's schemes.

Socialism they will call it; and yet we know that the astonishing growth of so-called socialism in this country is due a confusion of democracy with socialism. Every innovation is now contemptuously dubbed socialist, just as many things the Democratic and Republican parties now espouse were once just as contemptuously dubbed populism.

The socialist party is being recruited from the ranks of political protestants, who are not afraid of the sound of a name. They are not socialists at all, but real democrats—using the term in its governmental, and not partisan, sense. Socialism involves a far-reaching reformation of the whole social compact—family relations, wages, time, recreation and everything else affecting social conditions, including religion. Unless the two great parties heed the protest, the socialist party will continue to recruit until it accomplishes its mission; but the vast majority of its members will revolt at the last against real socialism.

As regards politics, socialism and democracy are antipodal. Broadly speaking, socialism means the greatest possible control of the individual by the government; democracy means the greatest possible participation by the individuals in the government, commensurate with the greatest possible individual freedom of development.

The popular primary is merely an extension of the theory of democracy, giving the voters the right to choose their own party managers, as well as candidates. The initiative gives the voters the right to direct legislation; the referendum gives them the right to veto legislation; the recall gives them the right to dismiss incompetent and unfaithful officials at any time by popular election, just as any employer has the right to dismiss his incompetent and unfaithful employees at any time.

Is there any man who pays taxes, and would be willing to deny himself this privilege of protecting his own interests? Is there any man, who believes in popular government, yet denies that the people are competent to decide what they want?

These rights and privileges and responsibilities belong to democracy, not to socialism. By their use the editor of the Carlisle County News could see unfaithful committeemen ousted and a reorganization effected without rending the party to pieces as is being done in Tennessee and the Third district of Kentucky.

We should like to hear expressions on this subject from all the press of the Purchase. It is the one important political question of the hour. If the press is merely going to stand as it has done in the past, making demands between elections and swallowing what the politicians care to present to the press during the campaign, well and good; but if the press is to become a real moulder of public opinion, the press must demand a change of conditions. With the popular will controlling party organizations as well as elections, the power of the press will be multiplied a thousand fold, instead of remaining the tool of whatever political coterie happens to be in control at the moment.

VOICE OF THE PEOPLE

Editor of the Evening Sun:

More than one socialist, who says he intends to vote the straight ticket, has told me he wishes he could do that, so as to record his sentiments for his party, and at the same time vote for H. R. Lindsey, John K. Ferguson and S. T. Hubbard for congressional trustees in the first three wards, where the Socialists have no candidates. That can easily be done, and I wish you would print this today (Saturday) for the benefit, not only of the socialists but anybody else, who is seeking the same kind of information, so that they will have time before election to verify what I am saying and by actual demonstration with a ballot learn how to do it properly. It is very simple. If a man wishes to vote a straight ticket he puts his (X) mark under the party emblem. That casts his vote for every man on the ticket. But, if after putting his mark under the emblem he also puts a (x) mark in the square marked beside the name of a candidate on some other ticket, he votes for that man so marked on the other ticket, and for every other man on the ticket under whose emblem he put the (X) mark. To apply this to the case in point, if a man puts his (X) mark under the socialist emblem, and then puts a (X) mark in the square by the name of Lindsey, in the First ward, Ferguson in the Second, and Hubbard in the Third, his vote will be counted for every candidate on the socialist ticket and also for Lindsey, Ferguson and Hubbard. They may inquire about this and verify it between this and election day.

Accompanied by a score of friends and his relatives, the body of Dr. Frank F. Duley, the dentist who died at 2 o'clock yesterday afternoon, was taken to his old home at Smithland, at 12:30 o'clock this afternoon on the packet boat Ohio, which was chartered. The funeral was held at 3 o'clock at the home of his father, Dr. H. H. Duley, the Rev. Willis Pierce, pastor of the Baptist church, officiating. Burial was in the Smithland cemetery.

The Ohio will return at 6 o'clock this evening, lying over at Smithland until after the funeral. The pallbearers were: Drs. G. B. Froage, J. V. Vorie, M. M. Childress and Messrs. Will R. Hendrick, Haynes Dunn and Tom Sanders.

Dr. Duley's death was sudden and a shock to his friends. He suffered a severe hemorrhage of the stomach last Tuesday and at the time he was barely saved from bleeding to death. He had been weak and delirious since and never fully regained consciousness. He slept better yesterday morning than usual, but died upon awakening. His family was at his bedside at the end.

His death carried away one of Paducah's most successful dentists. Dr. Duley was born December 28, 1875, at Smithland, where he received a common school education. After finishing his studies he decided to prepare himself for a pharmacist and worked in a drug store at his home town for a short time. Later he gave up this idea and entered the Ohio College of Dental Surgery, in Cincinnati, from which he was graduated in 1901. He then located in Paducah and built up a large practice. He was regarded as one of the best local dentists. He was a member of the Southwestern Kentucky Dental association, which was recently organized, but belonged to no lodges. He became a member of the Episcopal church while attending college at Cincinnati. Dr. Duley was quiet and unassuming, and leaves a host of friends. He was remembered by many beautiful floral tributes.

Surviving him are his father, Dr. H. H. Duley, of Smithland; one brother, Dr. H. H. Duley, Jr., of Paducah, and two sisters, Mrs. Rosa Pierce and Mrs. Rila Dunn, both of Smithland.

Among those who accompanied the body were: Attorney J. R. Grogan, Attorney C. C. Grassham, Cade David Sam Abell, Mr. and Mrs. David Dunn, Mr. and Mrs. John K. Hendrick, Mr. and Mrs. Lacy Hibbs, R. H. McGuire, Dr. M. M. Cooley and others.

Accompanied by a score of friends and his relatives, the body of Dr. Frank F. Duley, the dentist who died at 2 o'clock yesterday afternoon, was taken to his old home at Smithland, at 12:30 o'clock this afternoon on the packet boat Ohio, which was chartered. The funeral was held at 3 o'clock at the home of his father, Dr. H. H. Duley, the Rev. Willis Pierce, pastor of the Baptist church, officiating. Burial was in the Smithland cemetery.

The Ohio will return at 6 o'clock this evening, lying over at Smithland until after the funeral. The pallbearers were: Drs. G. B. Froage, J. V. Vorie, M. M. Childress and Messrs. Will R. Hendrick, Haynes Dunn and Tom Sanders.

Dr. Duley's death was sudden and a shock to his friends. He suffered a severe hemorrhage of the stomach last Tuesday and at the time he was barely saved from bleeding to death. He had been weak and delirious since and never fully regained consciousness. He slept better yesterday morning than usual, but died upon awakening. His family was at his bedside at the end.

His death carried away one of Paducah's most successful dentists. Dr. Duley was born December 28, 1875, at Smithland, where he received a common school education. After finishing his studies he decided to prepare himself for a pharmacist and worked in a drug store at his home town for a short time. Later he gave up this idea and entered the Ohio College of Dental Surgery, in Cincinnati, from which he was graduated in 1901. He then located in Paducah and built up a large practice. He was regarded as one of the best local dentists. He was a member of the Southwestern Kentucky Dental association, which was recently organized, but belonged to no lodges. He became a member of the Episcopal church while attending college at Cincinnati. Dr. Duley was quiet and unassuming, and leaves a host of friends. He was remembered by many beautiful floral tributes.

Surviving him are his father, Dr. H. H. Duley, of Smithland; one brother, Dr. H. H. Duley, Jr., of Paducah, and two sisters, Mrs. Rosa Pierce and Mrs. Rila Dunn, both of Smithland.

Among those who accompanied the body were: Attorney J. R. Grogan, Attorney C. C. Grassham, Cade David Sam Abell, Mr. and Mrs. David Dunn, Mr. and Mrs. John K. Hendrick, Mr. and Mrs. Lacy Hibbs, R. H. McGuire, Dr. M. M. Cooley and others.

—Mr. J. R. Moss, of North Sixth street, is ill of malarial fever.

FIT THE GROCER.

Wife Made the Suggestion.

A grocer has excellent opportunity to know the effects of special foods on his customers. A Cleveland grocer has a long list of customers that have been helped in health by leaving off coffee and using Postum.

He says, regarding his own experience:

"Two years ago I had been drinking coffee and must say that I was almost wrecked in my nerves.

"Particularly in the morning I was so irritable and upset that I could hardly wait until the coffee was served, and then I had no appetite for breakfast and did not feel like attending to my store duties.

"One day my wife suggested that inasmuch as I was selling so much Postum there must be some merit in it and suggested that we try it. I took home a package and she prepared it according to directions. The result was a very happy one.

"My nervousness gradually disappeared and today I am all right. I would advise everyone affected in any way with nervousness or stomach troubles, to leave off coffee and use Postum."

"There's a Reason." Read "The Road to Wellville," in pkgs.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

A WOMAN'S APPEAL.

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuralgia, pains, to write to her for a home treatment which has repeatedly cured all of these troubles. She feels it her duty to send it to all sufferers FREE. You cure yourself at home as thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood, and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. Summers, Box R, South Bend, Ind.

GRAFT CHARGES

SAN MATEO COUNTY, CALIFORNIA, GRAND JURY REPORTS.

Alleged That Concerns That Furnished Building Had to Pay Supervisors.

San Francisco, Nov. 5.—Following a prolonged session of the grand jury investigating charges of graft in the San Mateo county board of supervisors, indictments were returned against four of the accused officials. Supervisor D. E. Blackburn was indicted for accepting a bribe.

The formal charge placed against Supervisors Carl Coburn and Joseph de Bonetti and Joseph Francis, a former supervisor, was conspiracy to extort. The H. S. Crocker company of this city, which supplied the furnishings of the new San Mateo county courthouse, out of which the graft charges grew, were examined by the grand jury, the principal witness being Charles Marshall, salesman.

He declared he had paid 25 per cent. of the contract to some of the supervisors for voting in favor of his bid.

Charles H. Crocker, a member of the firm, told the inquisitorial body that he had been entirely ignorant of the alleged bribing of the San Mateo officials. He said the suggestion of such a course had been made by Marshall, but it had been immediately rejected.

Both Speedy and Effective.

This indicates the action of Foley Kidney Pills as S. Parsons, Battle Creek, Mich., illustrates: "I have been afflicted with a severe case of kidney and bladder trouble for which I found no relief until I used Foley Kidney Pills. These cured me entirely of all my ailments. I was troubled with backaches and severe shooting pains with annoying urinary irregularities. The steady use of Foley Kidney Pills rid me entirely of all my former troubles. They have my highest recommendation."

Ely's Cream Balm has been tried and not found wanting in thousands of homes all over the country. It has won a place in the family medicine chest among the reliable household remedies, where it is kept at hand for use in treating cold in the head just as soon as some member of the household begins the preliminary sneezing of snuffling. It gives immediate relief and a day or two's treatment will put a stop to a cold which might, if not checked, become chronic and run into a bad case of catarrh.

GRAY HAIRS BANISHED.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy and gradually restored the natural color. One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days on account of it soiling quickly. This objection has been overcome and by asking almost any first-class druggist for Wyeth's Sage and Sulphur the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair but will also stop the hair from falling out and make it grow. It is sold by all druggists for 50c. and \$1.00 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

For sale and recommended by W. F. Gilbert.

River Ripples.

Gauge at 7 a. m. read approximately 2.8 feet, showing a stand since yesterday. Weather cloudy and cold.

Captain Robert D. Crider, master of the Bob Dudley, now plying the Paducah-Evansville trade, left today for his home at Iuka, Ky., for a visit. Captain Frank White is in command of the Dudley.

Arriving from Evansville at 7 o'clock last night the Bob Dudley left at 10 o'clock this morning for a return trip. She experienced no difficulty on account of low water.

Low water may compel the John L. Lowry to withdraw from the Evansville trade. She is towing a covered barge on which most of her freight is stored. She is due back Monday.

The Kentucky, after receiving freight at the wharfboat, will leave at 6 o'clock this evening for Riverport, Ala. She will return next Thursday.

The Clyde is due out of the Tennessee river Monday night and make a return trip next Wednesday.

Capt. E. Awalt went to Smithland today in the Cutaway II for a log raft, which he delivered to the Marshall Box company at Metropolis.

The Charles Turner with her derrick boat, which has been working at the wreck of the sunken steamer Walter Needham at Brookport, came over last night for coal and stores.

The Mary Anderson returned yesterday from Caseyville.
The Ohio left for Golconda at 2:30 o'clock today and will return tonight or tomorrow to go on the marine ways. There will be no regular Golconda packet next week.

The George Cowling made her two regular trips between Metropolis and Paducah on time today.

The ferryboat G. W. Robertson will lie over here tomorrow to clean boilers, having called off the excursion for the afternoon.

The towboat Thomas H. Benton got away for the Tennessee river today for a tow of ties.

Crews are hard to get down on the Mississippi and from Cairo to New Orleans boats are tied up on both sides of the river; \$120 a month has been offered, but the

roustabouts won't work. The heavy shipment of cotton and the strenuous time required from the roustabout whose only sleep is gotten between stops of the boat is given as the cause of the strike.

The towboat Catherine Davis, which recently sank at Huntington, W. Va., has been raised and will be carried to the dry docks, where repairs will be made. A hole eight feet long was stove in her hull.

The New Orleans Times-Democrat of Thursday says: "Another line of steamboats is to operate in the Bayou Teche trade, according to E. M. Quinn, vice-president of the Twin City Towing company, of Morgan City, who is in the city in the interests of his company. The company will inaugurate the service with the departure of the first boat Saturday. The B. A. Doyle and barge, which boat has only lately been acquired by the company, will make the first trip. The Patricia, another of the company's boats and a barge, will also be put in this service. The boats will make trips up Bayou Teche as far as Baldwin, La."

The Little Packet boat J. T. Reeder, which set sail for Cairo yesterday morning at 8 o'clock is overdue and is expected back this afternoon or tonight. She is running in place of the Dick Fowler, which is lying here on account of low water. The Reeder will leave at 8 a. m. Monday for Cairo.

Rivermen believe there will be a general rainfall within the next 72 hours and are looking for a rise in the Ohio river.

FIRST PARLIAMENT

CHINESE ASSEMBLY WILL BE CONVOKED IN 1913.

After Announcement Dragon Banner and Paper Lanterns Placed Over Every Door.

Peking, Nov. 5.—An official decree was issued announcing that an imperial parliament, the first in the history of China, would be convoked in 1913.

This is a concession on the part of the throne to the demands of the recently constituted senate delegations of the provisional assemblies which recently memorialized the government in behalf of the early constitution of a general legislative body.

The decree set forth the parliament would be convened in three years. The police went from house to house informing the occupants of the edict. Presently the dragon banner and paper lanterns appeared above every door. Beyond this there was no public manifestation over the news.

ANOTHER STRIKE ON TAP.

Philadelphia Street Car Motormen May Strike.

Philadelphia, Nov. 5.—At a mass meeting of the Philadelphia Rapid Transit company's employees the men gave the executive commission and national officers power to call a strike of motormen and conductors "whenever they deemed it expedient." The same men were vested with like authority a short time before the strike last February.

Officers of the association are: J. A. Both, D. D., moderator, Taylorsville, Ky.; John L. Hill, secretary, Georgetown, Ky.

Gardner, of Louisville, Ky.; 2:45 to 3, general discussion; 3 to 3:30, addresses on the "Pastor and His Books," by J. S. Hill, D. D., Bowling Green, and W. D. Nowlin, D. D., Mayfield; 3:30 to 3:45, general discussion; 3:45 to 4:15, "Baptist Principles in Home Life," A. C. Davidson, D. D., Covington, and Charles Anderson, Russellville; 4:15 to 4:30, general discussion; Wednesday, November 16, 8 to 10 a. m., memorial service; W. W. Landrum, D. D., LL. D., Louisville, Ky., for the committee. Adjournment prayer of dismission by J. G. Bow, of Louisville, Ky.

Extensive preparations are being made by the local church for the entertainment of the delegates. All the people of the city will assist in entertaining. The M. E. church, south of this city, has offered the use of the church's basement for the serving of noon-day lunch each day during the association.

The Rev. C. W. Elsey, the pastor

of the First Baptist church, of this city, and his committees are energetic in their efforts preparing for the entertainment and welfare of this large assembly.

If the Floor is Warm the Whole Room is Warm

The fire in the Wilson Heater is so perfectly under control that with very little attention to the dampers, your rooms can be kept in a constant, healthful temperature. The celebrated Down-Draft creates perfect combustion in the Heater so that the whole heater gives out heat instead of just the top portion, as is the case with other heaters. You know, of course, that hot air rises so that when the Wilson heats the floor as well as the upper air of the room the whole room remains at a steady even temperature.

Week's Bank Exchanges.
New York, Nov. 5.—Dun's Review says:
Bank exchanges this week make a slightly more favorable showing than a week ago, the total at all leading cities in the United States aggregating \$2,981,118,644, a decrease of only 6.8 per cent. compared with last year, but it was a gain compared with 1906. The improvement, however, is due to the fact that last year and in 1906 the week contained only five business days. Even with the extra day, some of the cities that showed gains last week report decreases this week. The decrease at New York city, where the extreme dullness in the financial and speculative markets continue to exert an adverse effect on the volume of bank clearings, still accounts for most of the loss in the total for at numerous cities outside that center the return make a fairly satisfactory comparison with earlier corresponding periods.

you do not have to work close to the stove, which is usually far from the window. You can work where you wish, and be warm. You can work on dull winter days in the full light near the window, without being chilled to the bone.

The Perfection Oil Heater quickly gives heat, and with one filling of the font burns steadily for nine hours, without smoke or smell. An indicator always shows the amount of oil in the font. The filler-cap, put in like a cork in a bottle, is attached by a chain. This heater has a cool handle and a damper top.

The Perfection Oil Heater has an automatic-locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be quickly cleaned. The burner body or gallery cannot become wedged and can be unscrewed in an instant for reworking. The Perfection Oil Heater is finished in Japan or nickel, is strong, durable, well-made, built for service, and yet light and ornamental.

The offerings on the local breaks follow:
1910 crop burley, 49; dark, 3, new; 1909 crop burley, 619; dark, 15, old; original inspection, 672; rejections, 14; total, 686; rejections yesterday, burley, 115.

The Pickett warehouse sold 3 hdds. new burley at \$6 to \$7.80 and 8 of old dark at \$6 to \$8.50.

Review for Week.

The Louisville Tobacco Warehouse company issued the following review of the market yesterday:

"Two sales on our market for one week, including today, amounted to 2,995 hdds. divided as follows: New burley 485; old burley, 2,357; new dark, 40; old dark, 113.

"Burley.—The sales of old burley have been large again this week on our market, with a more diversified demand and with some improvement in values over last week, except for the common grades, which are somewhat weaker. The sales of new burley (1910 crop) on our market this week amounted to 485 hdds. with \$16.50 as the top price. As a rule the new tobacco appearing on our market is not attractive either as to quality or condition. In view of the large burley crop grown this year and the large amount of old burley that is likely to be put on the market during the next four months it would seem that present values for new burley offer sufficient inducement for early marketing.

"Dark Tobaccos.—We have a very strong and active market for old dark tobacco of the fired type, with a very small stock from which to supply the demand. Old tobacco of the unfired types remains steady without recent change in values. The sales of new dark tobacco (1910 crop) on our market this week amounted to 40 hdds. with \$12.25 as the highest price obtained."

Dun's Weekly Review.

New York, Nov. 5.—Whatever change there is, is chiefly in the point of view. It is a characteristic feature of the situation that a few weeks ago business sentiment put special emphasis on the uncertainties of the outlook and the possible dangers involved, and now the emphasis is mostly on the hopeful side. So far as actual development are concerned there is very little change, and the volume of actual transactions continue below the productive capacity.

Recent developments in iron and steel encourage a more hopeful feeling, already noted. The expectation is that transporting companies will shortly enter the market for needed equipment while the prospective structural work will call for a considerable tonnage of finished material. Pig iron stocks continue to accumulate and further curtailment of production is planned.

The dry goods market reflects expansion in the demand.

Prices Down."

From day to day we are surprised to find men and women who do not know that we sell SHOES, or that we sell CLOTHING, or that we sell anything but dry goods. Of course, practically everybody in Paducah, and a great many people outside of Paducah, know that this is a department store, handling most all lines of merchandise, but there are too many people who do not read our newspaper advertisements in The Sun on Thursday and Saturday evenings and in the News-Democrat on Friday and Sunday mornings. To all such people we say, begin today—read and think—thus get in touch and keep in touch with our live way of doing business. It will help them to provide for their families, to dress better, to spend less money and to make their homes happier. Won't you begin today—read this advertisement through, then bring to us your wants in our various departments as a test? You'll be amply repaid for your trouble and will doubtless continue the practice

MRS. CUSHMAN IS FREE.
May Live With Her Young Husband and Manage Her Estate.
Hartford, Conn., Nov. 5.—A decision of the Connecticut supreme court frees Mrs. Lucinda M. Cushman Treat Goddard, 72 years old, of her conservator and gives her the right to live as the wife of Charles

M. Goddard, the 21-year-old Yale law student, who married her two years ago. Moreover, she can do as she pleases with her large estate, which had been placed in the care of a conservator at the request of her son, who protested that she was mentally incapable of managing her affairs.

In support of his claim the son testified that his mother dressed in a youthful fashion, wearing low neck dresses unsuited for a woman of her age, and wore "soul kiss" and "Merry Widow" hats, and used paints and cosmetics on her face to an extent that made her noticeable in the community.
Venice lace has taken the place of the Irish for handsome jabots and neck frills.
